---

I'm a Software Engineer with a passion for finding elegant and unique digital-solutions for everyday problems. My background in email marketing and graphic design helps me think strategically through creativity and detail, while my disciplined work ethic, adaptability, and passion for excellence push me to achieve my goals. I am eager to work both individually and in teams to learn and create exciting new products through code.

- **Soft Skills:** Creativity, Attention to Detail, Adaptability, Problem-Solving, Leadership, Time Management, Organized, Work Ethic

## RELEVANT EXPERIENCE

### Software Engineering Fellow | General Assembly | Remote | Aug. 2022 – Present

Completed 500+ hours of expert-led instruction in JavaScript, Python, Django, MongoDB, Express.js, React.js, Node.js, CSS, and HTML. Projects developed:

- [F1 Collector](#): A Django application that allows users to keep track of their favorite F1 teams and drivers. [\[Github Repository\]](#)
- [Fit](#): A MERN-stack application where users are able to track their favorite exercises and search recipes pulled from the Edamam API. This app was built in a group, where I worked on both front- and backend development. [\[GitHub Frontend Repository\]](#) [\[Github Backend Repository\]](#)
- [Destinations](#): A MEN-stack vacations tracker app that allows users to keep track of destinations they have visited and would like to visit, as well as write reviews for the destinations. [\[GitHub Repository\]](#)
- [Wordle](#): Recreated Wordle using JavaScript, HTML5, and CSS. Developed pseudocode, a wireframe, and the functioning product on a tight deadline. [\[GitHub Repository\]](#)

### Product Marketing Associate | Silvr | Remote | Jul. 2020 – Jul. 2022

- Led and analyzed the entire email marketing strategy, leading to a 200%+ increase in unique open rates and a 100%+ increase in unique click-through rates.
- Designed and implemented the content management structure for new features for both web and mobile platforms. CMS systems used: Butter CMS and Contentful.
- Created both online and physical marketing materials, including Facebook and Google advertisements and printed flyers, banners, and business cards.

### Marketing and Sales Intern | Beyond Design | Chicago, IL | May 2019 – Aug. 2019

- Oversaw the sales and marketing strategies for our new product, CR8™. Discovered and advised potential clients, created email and social media marketing campaigns, and designed printed marketing material.
- Analyzed website architecture and designed a web application for our client.

### Marketing Intern | Aaron and Trecker Heating & Air Conditioning | Lake Zurich, IL | May 2018 – Aug. 2018

- Developed printed marketing materials, including mailers, door hangers, and informative guides.

- Established company's first mass email marketing strategy.
- Analyzed customer data and developed detailed reports.

## **EDUCATION**

**General Assembly | Software Engineering Immersive** | Remote

**NYU, Stern School of Business | Marketing and Computing and Data Science** | New York, NY
